Meet the Most Demanding Security Requirements

When you need a versatile device for unique requirements and cannot compromise on offering superior performance – the 4G V-Station is the right solution. The full featured fingerprint device unleashes a combination of power, usability and design to address access control and Time & Attendance requirements of any size anywhere around the world.

- Range of 500 dpi Sensor Options
- Easy to Navigate LCD Screen
- Flush Mounted
- Quick Tilt Access for Easy Maintenance

Prepare for the Demands of Today and the Future with a Scalable Platform

Quick throughput, deployment flexibility, and the ability for the system to expand over time address today's demands and are drivers for future requirements.

- Ensure employees gain fast access with over 6,000 templates searched per second.
- Accommodate enterprise installs with storage of 500,000 templates for 1:1 verification.
- Eliminate the need for cards and PINs - store 10,000 templates for 1:N. (50,000 with binning)

Meet Challenging Security Requirements

A full range of options are available for different security requirements.

- Remove install constraints with options for single-, two- or three-factor authentication.
- Reduce cost and complexity with built-in door relay and controls.
- Add safety and security measures for employees with the duress finger option.

Reduce Maintenance Costs

Save time and drive down the cost of ownership with a communication-ready connected smart device, containing new installation and maintenance capabilities.

- Leverage the latest communication standards. (Ethernet, POE, and Wireless LAN (WiFi))
- Quickly perform maintenance with our Innovative field replaceable sensor modules.
- Take full advantage of IP connectivity for Remote device management.

Increase Workforce Management Efficiency

Address workforce management with biometric enabled Time & Attendance capabilities.

- Improve communication by sending real-time workforce notifications.
- Provide clear instructions with programmable function keys for up to 16 Time & Attendance commands.
- Eliminate lost transactions with the capability to store 1 Million transaction logs.
